### Instructions

Start reading at the beginning of the book of Joshua. When you find the short phrase for each day, write down the verse in the blank provided. The next day, continue reading from where you stopped the day before.

The distance you read to find each entry will vary. Usually, it'll be about 16 verses per day, but it may occasionally be as short as 8, or as long as 22 verses.

When you reach the end of a book, check the next day to see which book you should start reading next. You'll jump back and forth between the Old and New Testaments, and between history and instruction. By the time you finish the entire booklet, you'll have read through more than 14 different books of the Bible – that's 5,751 verses in all.

This page is just a preview of the first month. Don't forget to ask us to send you the complete booklet so you can continue with the rest of the year. See the bottom of this page for information on how to contact us.

### Important

All verses quoted are from the King James Version (KJV) of the Bible.

Do **not** use a concordance, computer, or anything else to help you find the verses.

Do **not** copy your answers from anyone else.

The purpose of the Scripture Searcher booklet is to help you establish (or maintain) the habit of reading God's word every day. By quickly looking up the phrases in a concordance or computer, or by copying from someone else, you may cheat your way to a prize – but you'll also cheat yourself out of the benefits to your own soul.

### Don't forget to request a complete booklet.

We'll be happy to send you a booklet for the entire year at no charge.
